

# USB Wifi Adapter

## Quick Start Guide

Rev 1.3

Product information is subject to change without prior notice.

# Introduction

The USB Wi-Fi adapter supports both 2.4G/ 5G to add Wi-Fi functionality to your laptops and projectors. Furthermore, it's able to turn Ethernet into wireless router that shares Wi-Fi for other devices. Enjoy your smart wireless life with EZCast!

**Wider  
Coverage**

**Hot  
Spot**

**High  
Speed**

**MU-  
MIMO**

**Good  
Compatibility**

## Windows 10

The driver shall be installed automatically once the USB Wi-Fi adapter is plugged in.

**Tips:** If the driver failed to install automatically, please try to install it manually. (Please refer to Windows 8/7/XP installation method)

## Windows 8 / 7 / XP

1. Find the driver from the internal memory or download it at <https://www.ezcast.com/app/ezcast/wifi-adapter/windows>. Double click "Installer.exe."
2. Run the installation of wifi driver.

## MacOS

The wifi driver shall be installed manually from our website:  
<https://www.ezcast.com/app/ezcast/wifi-adapter/mac-os>

#### FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

#### FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body
